

REMARKS

Claims 1-24 are pending. Claim 14 has been amended to correct a typographical informality.

In the action mailed September 26, 2005, claims 1-24 were rejected under 35 U.S.C. § 102(e) as anticipated by U.S. Patent Publication No. 2005/0074698 to Borodovsky.

35 U.S.C. § 102(e) affords that a person shall be entitled to a patent unless "the invention was described in – (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent..." See 35 U.S.C. § 102(e) (emphasis added).

Since the present application names Yan Borodovsky as the sole inventor, Applicant submits that U.S. Patent Publication No. 2005/0074698 is not an application by another. Accordingly, U.S. Patent Publication No. 2005/0074698 is not prior art to the present application under 35 U.S.C. § 102(e).

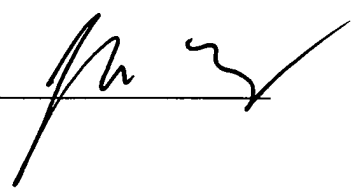

Accordingly, Applicant requests that the anticipation rejection be withdrawn.

Applicant asks that all claims be allowed. Enclosed is a check for the Petition for Extension of Time fee. Please apply any other charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: January 5, 2006
